MCOs Investing in WV Programs, Communities & People

PROGRAMS:

Aetna Better Health of West Virginia provided a \$610,000 investment to Pressley Ridge in support of its treatment programs. This will include its residential-campus program, as well as for Children with Serious Emotional Disorders (CSED) waivers who are transitioning back to home or community setting. [AETNA](#)

COMMUNITIES:

In an effort to keep the "Spirit of Giving" campaign going, The Health Plan (THP) donated \$360,000 to 12 area food banks around the state. Demand can sometimes be greater than what these non-profit organizations can supply, so donations like this help to support the needs of the community. [THP](#)

PEOPLE:

UniCare Health Plan of West Virginia donated \$200,000 to the CAMC Foundation in support of scholarships for their rural health education programs. Expanding the number of healthcare workers across the state will impact the access of quality healthcare in rural areas. [UNICARE](#)
