

MEDICAID MINUTE

from the West Virginia Association of Health Plans

Welcome to Medicaid Minute from the West Virginia Association of Health Plans. Every month you can expect our newsletter to provide you with the most up to date information about the work Managed Care Organizations are doing within the Medicaid Program and for our state. We want to serve as a resource for your Medicaid questions.

COVID VACCINATION UPDATE

The vaccination data from the WV managed care companies continues to trend upward even as the pandemic slows. One year ago, the combined number of members vaccinated was 58,484, and today that number is 124,665. That's an additional 66,181 members who are fully vaccinated. Expanding their messaging, sponsoring vaccination clinics, offering financial incentives, and supporting clinics providing medical care were among the actions taken by the MCOs to lessen vaccination barriers. The data indicates their efforts were successful ensuring the health and safety of West Virginia's Medicaid population.
