

# MEDICAID MINUTE

from the West Virginia Association of Health Plans

Welcome to Medicaid Minute from the West Virginia Association of Health Plans. Every month you can expect our newsletter to provide you with the most up to date information about the work Managed Care Organizations are doing within the Medicaid Program and for our state. We want to serve as a resource for your Medicaid questions.

## The Health Plan’s Healthy Connections

The Health Plan and Mountaineer Food Bank are collaborating with health centers around the state to address food insecurity affecting more than 200,000 West Virginians. Healthy food boxes packed with fresh produce, protein, and non-perishable items will be available once a month to those in need. “We believe that by addressing the critical issue of food insecurity and offering support to those with limited access to healthy foods, we can make a significant difference in our home state,” says Jeff Knight, CEO of The Health Plan. To read more on this, click [here](#).
